# CASUAL WEAR

Casual wear is the perfect outfit to save costs and pull from your wardrobe. What the judges are looking for is something that shows your personality in your daily life.

Casual Wear however isn't as "casual" as you may think. A good tip is to look for something that you would wear out to a family dinner, so in other words still casual but with a bit of flare.

Also try to consider the current trends and season to help inspire your look.

There are a few different standard types of casual wear looks which may help inspire or guide you.

## SKIRT & TOP

## DRESS

## SHORTS & TOP

## PANTS & TOP OR JUMPSUIT

# FASHION WEAR

Fashion wear is all about glitter, sparkle and movement! Show us your inner diva and select something that will make you stand out from the crowd.

Adding movement and shape to your outfit 100% adds the fashion effect. You can do this with an overskirt, headpiece, shoulder cape, tassels, fringing etc.

Fun fashion is the perfect outfit to buy parts online from places like Shein and Temu as they often have what your looking for at an affordable price. You can also purchase from high brand stores (as mentioned on the formal wear page) but remember the most expensive outfit doesn't mean the highest points.

## INSPIRATION

# INTERVIEW

With the interview round you are mainly judged on how you interact with the judges, however, you can gain up to 10 points per judge for your outfit. Those points can be crucial when coming down to the final results.

Take the time and prepare an outfit that is perfect for an interview but with a bit more colour and bling. Add accessories such as head bands or tops that have a bit of a frill to help you standout.

With this outfit, you should be able to put together from your current wardrobe, but if you have to purchase then consider something that you can re use in your daily life. This outfit shouldn't cost you a fortune.

## INSPIRATION

# OPENING OUTFIT

This outfit is for your first introduction to the stage. You need to be able to move and the outfit **MUST** be **YELLOW** for Miss Tasmania and **WHITE** for Miss Kalgoorlie.

For both events Little Miss and MR do NOT complete the opening number.

Although this outfit is your first appearance onstage, it is not the first time your judges see you. This outfit is also NOT judged and NOT scored. If you can't pull this outfit from your wardrobe and must purchase, then this should be the outfit you spend the least amount of money on. Kmart, Target & Cotton On all have affordable options. You can also shop online with Shein and Temu.

## INSPIRATION

# ECO WEAR

Eco wear is an optional category that does not count towards the overall title. If you want to enter Eco Wear contact us over social media or send us an email [gcpmodels@outlook.com](mailto:gcpmodels@outlook.com).

This outfit should be hand made using eco friendly and recyclable materials. Start saving material you use from home or visit your local Vinnies or Salvos to find a good deal.

Good materials for construction are:

Newspaper  
Garbage bags  
Paper bags

The judges want to be wowed. Create something that has an interesting shape, movement or has a strong message. You want to have a concept that is easy to understand and can be seen without explanation. Below are creations from past competitors that have scored very well.

## INSPIRATION

# PHOTOGENIC

Photogenic is an optional category that does not count towards the overall title. This outfit should be pulled from your wardrobe. We want to see the natural you so this years theme is a white top with blue jeans. Kmart, Target & Cotton On etc all have affordable options for both tops and jeans.

You are judged on your photogenic ability, how well you take instruction and the final photo result.

TIP | Practice poses prior to the photoshoot.

# KALGOORLIE MAKE UP & HAIR

Hair & makeup is important! You do get scored on neatness, whether it is age appropriate and whether it compliments you.

Pick a look that matches all your outfits and is easy to maintain (touch up if necessary). You are more than welcome to attempt multiple hair styles throughout the evening, however ensure that each look is as good as the last.

We are fortunate enough to have partnered with an amazing Kalgoorlie makeup artist to help our contestants prepare for the pageant. **Kristy Anne Nail and Makeup Artistry** is a local Kalgoorlie artist who has supported Mini Miss Pageants Australia since the beginning of Miss Kalgoorlie.

**\*They are the ONLY makeup artist allowed onsite**

**\*You are more than welcome to do your own hair and makeup on site.**

**\*You can hire another professional, however this will need to be done offsite**

## Tips:

**Don't over do the makeup and Hair!**

**You still need to look like you.**
